BOARD ELECTIONS

It's not too early to start thinking about becoming a Warren Ikes Board member. Board member elections are held during the August member meeting and each year half of the board positions are up for election with the elected person fulfilling a two year term. This year's open board positions are 2nd Vice-President, Secretary, Archery Chair, Rifle Range Chair, Rental Chair, and Property Chair. If you have any question per the board members role and responsibilities, please contact any current board member or Craig McIntyre. The board positions responsibilities are listed in the Chapter By-Laws which are on the website under the Legal Forms link.

FROM THE PRESIDENT

Janet Lepper wife of our member and treasurer Larry Lepper, passed earlier this week after a 3 1/2 year long struggle with Pancreatic Cancer. Please keep her family in your thoughts and prayers.

At our recent board meeting it was discussed that our chapter has grown and the needs to keep on top of all the activity that goes on around our chapter could use some help. We are looking at forming some committee's for those that would like to offer their time and help. We have a trap committee that could still use some more bodies on it to help with scoring during some of our events that take place each year. We have weekly trap open shooting that could use help on a Tuesday and Thursday night. These open up usually about 6 or 6:30 and run until about 9:30. Again they have need of people that may not be shooters but would want to help score or help at the counter with selling shells and rounds of trap. Please contact Rod Goodrich at 515-249-4572 or stop on out and visit with us out there.

Our spring shooting leagues will be wrapping up in about 2 weeks and that will leave us with open shooting on Tuesdays and Thursdays with the schools shooting through most of June as well. The Rifle League will be wrapping up in a couple of weeks as well on Tuesday nights and they have done some make up's too on Wednesday as time has allowed. Please contact Scott Wendt at 641-512-8756 and he can give you the low down on that league. He would also be the one to reach out to be on a committee if your interest runs to rifle and pistol. We have some steel targets that we would like to host a shoot over a weekend as well sometime and will surely do another round of these NRA style targets too.

On to the Building and Grounds area under David Smith 515-770-4398, he can always use help with the mowing and trimming around our chapter grounds and general sprucing up of things. If you have a day free or a weekend with an idea you want to run it by David will be a good thing. Maybe you have a youth group looking for something to get out and do some general picking up of the trash that blows around our ditches and such too. One of his right hand helpers is changing jobs and headed out to eastern Iowa. That is our rookie of the year Chris Dojutrek, he is going to be missed greatly as he and Jay Timmons with some help from a few others cleared out that area along the Lake Ahquabi side and down to our rifle range. We put in some redosier dogwood bushes and some Arborvitae tree items to spruce up this area.

Then we have several shoots during the year and fundraisers using our kitchen to feed these shooters that run from 30 or so up to 250 youth and parents. These are opportunities to help serve the food a couple of hours

on a Saturday most likely. Please get a hold of me, Craig McIntyre at 515-229-7418 if you would like to help us cook and or serve during this times.

Our Izaak Walton League uses shooting sports as a way to fund our chapter so that we can offer our membership the rifle and pistol range and now we are going to be moving into our construction stage for the archery area in the SE portion of our chapter grounds. This will be another area that after we get the dirt work done it will need some hands on grooming and shaping of this. Please let our Archery Chair Jim Nelson at 515-208-0305 know if you would like to help out and be on this committee when we do get around to putting out the call for help.

Along with this archery area we have the opportunity to plant back and do some conservation practices as well. This can be used in a way to showcase some of our topics that appeal to our Izaak Walton League. Planting items for our pollinator's, helping control the water run off from our grounds to our neighbors pasture,

As you can see your chapter is really busy and can use help from those that would care to offer it. I know there is usually one of 4 areas that you joined our Ikes to participate in. Shooting sports with Trap, rifle or pistol and Archery and the 4th one being conservation issues with water being the big one. Be sure to check out our website www.warrenikes.com and also check out our national site at www.IWLA.org. You can go online there and setup your own account to make sure your contact info is correct.

A reminder we meet on the 3rd Tuesday of the month for our meeting. That being said our July meeting will not be held here but moved to Tuesday night July 24th at the Des Moines Chapter house for their annual sweet corn feed. Hope to see you around our chapter house.
