

THE IZAAK WALTON LEAGUE OF AMERICA

October 20, 2016

Craig McIntyre
President, Warren County Chapter
1911 W. 4th Ave.
Indianola, IA 50125-3009

Dear Craig:

Thank you for providing information to help the Izaak Walton League of America determine whether the Warren County Chapter qualifies as a tax-exempt organization under the League's 501(c)(3) group exemption.

We have reviewed the information submitted and are pleased to inform you that the chapter continues to qualify for 2016. Among other things, this means that contributions given to the chapter in 2016 are tax deductible.

Next summer, the League will initiate the annual process of requesting information required by Section 5.9 of the League's national by-laws. For the purpose of completing the conservation questionnaire, we understand it can be challenging to reconstruct activities and results from the previous year. Based on our experience, many chapters find it helpful to keep brief notes throughout the year and review chapter newsletters, which frequently summarize relevant information about conservation, educational, and other activities, when completing the questionnaire.

Please know we are here to assist you whenever possible. Should your chapter need confirmation of its tax status for grant applications or other purposes, please contact Michael Lynch, Director of Finance, at (800) 453-5463 ext. 226 or mlynch@iwla.org.

Sincerely,

Scott Kovarovics
Executive Director
