

**ACTIVITIES:**

- **January 21<sup>st</sup> @ 6:30pm – Annual Wild Game Dinner & Program** Wild Game Potluck to share your harvest and stories. Non-game dishes and desserts are welcome as well. Bryan Herold will be sharing his elk hunting stories from this past fall. Bring a guest or prospective member too is great.
- **February 4<sup>th</sup> @ 6:30pm – Board Meeting** Everybody is welcomed to attend. If you have any ideas for Membership Meeting programs, please let Craig know.
- Please also check the calendar at <http://www.warrenikes.com/calendarevents> for all activities at the club.

**YOUTH ARCHERY CLUB**

Our youth archery club will be collecting items for Kiya Koda again this winter, we will be accepting food, money, and other pet items through January 2020. Items may be dropped off at the chapter house during our monthly dinner meetings on 11/19, 12/17 and 1/16, or we can arrange for them to be picked in the Indianola area. **Checks should be payable to Kiya Koda Humane Society**, those can be brought out to our monthly meetings, or mailed to our PO Box 183. Please help our youth with this community service over the next couple of months. Don't know what to get the next time you are at the store, well here are a few items from their donation list: laundry soap, bleach, paper towels, antibacterial dish soap, 20 gallons/+ trash bags are just some items. Do you have any old towels and blankets that you don't want they can use them, plus they take Hy -Vee Receipts! Please help in any way you can. We will have a box out at the chapter house for items. Call or text Lisa515-360-4352 if items need to be picked up.

**WINTER SALT WATCH**

November 2018 marked the beginning of IWLA first full winter season of Winter Salt Watch. This winter volunteers are encouraged to get a base-line reading for chloride levels before first road salting of the year. The National League has already mailed out more than 350 free chloride test kits. Order your Winter Salt Watch test kit today at [iwal.org/saltwatch](http://iwal.org/saltwatch) to check chloride levels in your local streams this winter and throughout the year. If you have any questions, Paul Rogalla has been testing South River for a year now. If you get the chloride test kit and need help Paul would be glad to help out. All data collected is uploaded through Water Reporter to the IWLA national map.

**EXPLORING FRESH WATER IN WARREN COUNTY IOWA**

This summer at the Izaak Walton League of America National Convention in West Des Moines the Warren County Izaak Walton League was awarded a generous endowment to look into exploring fresh water in Iowa. Keep an eye on the newsletter for dates and times. The event will look into the nonliving and living factors that make our fresh water environments favorable for living things. Participants will be invited to bring in water samples for chemical testing and a microscope search for life.
